

FOOD WASTE DISPOSER

Effortless Clean-Up with Advanced Waste Solutions

Reduce Your Environmental Footprint with our innovative disposal System

MORZZE

Beyond Excellence...

Welcome to a new era of kitchen convenience with our state-of-the-art food waste disposers. Designed to make clean-up effortless, our disposers blend cutting-edge technology with sleek functionality, ensuring your kitchen remains pristine and odor-free. From powerful grinding mechanisms to energy-efficient performance, each model offers reliable and eco-friendly waste management, helping you maintain a cleaner home while contributing to a greener planet. Experience the ultimate in kitchen efficiency and innovation—where convenience meets sustainability.

WIRELESS CONTROL

Enjoy seamless control with wireless connectivity

Fully upgraded core

8-stage grinding disc | DC brushless motor
Aluminum alloy grinding bracket

INTELLIGENT & SMART TECHNOLOGY

Intelligent CPU+GPU Program Control

Generally, there are starting capacitor devices on the market, which simply provide the function of instantaneous starting current to the motor.

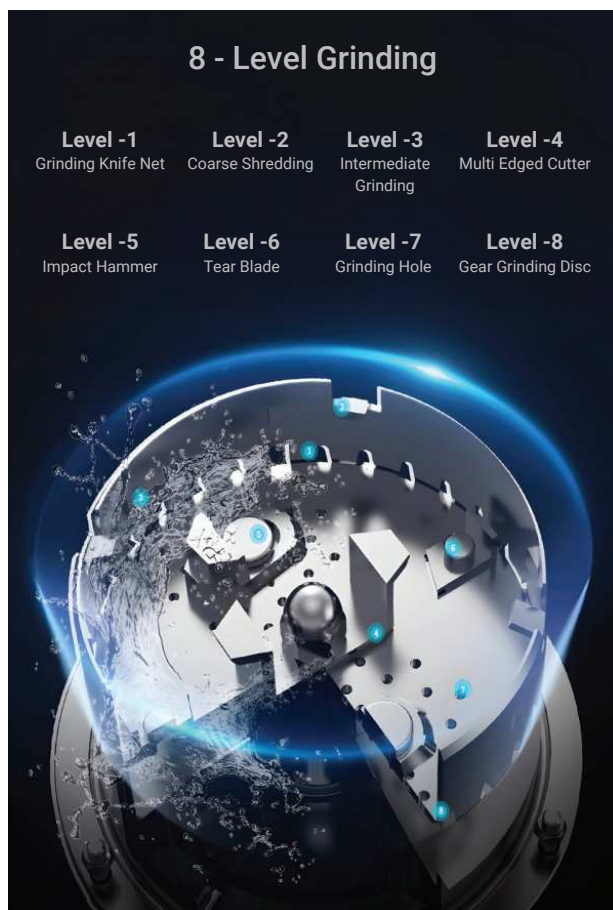

Smart Brushless DC Motor

700W surging power,
3500rpm intelligent brushless DC motor.

8 - Level Grinding

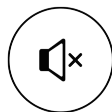

Level -1 Grinding Knife Net	Level -2 Coarse Shredding	Level -3 Intermediate Grinding	Level -4 Multi Edged Cutter
Level -5 Impact Hammer	Level -6 Tear Blade	Level -7 Grinding Hole	Level -8 Gear Grinding Disc

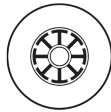

Grinding Particle Size < 1.5mm

FOOD WASTE DISPOSER MFD-1101

Mute Noise Reduction

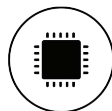

BLDC Brushless Motor

Shut down Protection

Wireless Switch

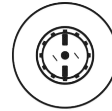

Intelligent Grinding

Alloy Grinding Bin

Spiral Scour Drainage

Exquisite Grinding

SPECIAL FEATURES

- BLDC Motor
- Auto Reverse
- Sound Insulation
- Overload Protector
- Auto Stop in 5 Minutes
- Very Quiet Sound Levels
- Spiral Scour Drainage
- Eight Stage Grinding
- Finely grinds food waste to 1.5mm particle.
- On/off Control: Wireless Switch
- Grinding Chamber Capacity: 1350ml

SPECIFICATIONS

Model / Name	Food Waste Disposer - MFD 1101	Materials	ABS Housing, Full Set Stainless Steel Grinding
Voltage / Frequency	AC 220v/50hz	Optional Switch Control	Wireless Switch
Rated Power	1 Hp / 700 W	No Load Noise	<50db
Type Of Motor	Brushless Motor	Product Size	Diameter:185mm * Height: 350mm
Rated Speed	3300 rpm	Net Weight	5.5 kg.
Grinding Capacity	1350 ml	Overload Protection	Support Overload Protection
Grinding Level	Three Layers & Eight Levels Of Grinding	Turn Off Automatically	Turn Off Automatically Without Any Operation In 5 Minutes
Grinding Effect	Grinding Particles Less Than 1.5 mm		

T-Connector

Drainage Hose

Splash Shield

Wireless Switch

**FOOD WASTE DISPOSER
MFD-1102**

**Engineered for Safety
Designed for Confidence**

POWERFUL DC PERMANENT MAGNET MOTOR

400W Power

3600 rpm

Pure Copper Motor

INSTRUCTIONS

1

Turn on the Tap

2

Push the Air Switch

3

Pour Kitchen Waste into the Sink

4

Let the disposer work until only the motor and flowing water are heard

5

Turn off the power after grinding

6

Turn off the tap after 15 seconds

MORZZE
Beyond Excellence.

6 CORE TECHNOLOGIES

No matter the food garbage is dry, wet soft or hard,
all can be crushed and flushed out safely

Fine grinding
without clogging

Large capacity
grinding chamber

Pure copper DC motor
High power 550W

Original Grinding
Hammer

No-load noise
~60DB

Overheating/overload
double protection

Common kitchen waste can be ground

Pork ribs/Chicken bone

Seafood/Shrimp and Crab

Leftovers

Vegetable leaves and stems

Husk/Peel

Corn/Dried fruit

Common non-food waste can not be ground

Metal Products

Plastic Products

Glass

Animal Hair

Note: It is not recommended to put corn husks, lettuce slices, celery, long-fiber garbage, a large number of fish scales into the machine to avoid damage to the machine.

FOOD WASTE DISPOSER MFD-1102

Fine grinding
without clogging

Large capacity
grinding chamber

Pure copper DC motor
High power 550W

Original Grinding
Hammer

No-load noise
~60DB

Overheating/overload
double protection

SPECIAL FEATURES

- Durable stainless steel flange with sound insulation and splash guard.
- Pure copper induction motor can ensure long-lasting use.
- Air Switch for longer service life.
- Overload & Overheating Protection.
- Large 1200ml grinding capacity featuring overload protection.
- Upgraded 5-stage grinding system to prevent sewer pipe blockage.
- Space-Saving:it fits neatly under your sink
- Designed for hassle-free installation
- Bladeless design eliminates the risk of sharp blades coming into contact with hands or utensils during use.
- Magnet Splash Guard to prevent Metal falling into the sink or damaging the grinding components.

SPECIFICATIONS

Model/Name	Food Waste Disposer - MFD 1102	Materials	ABS housing, Full Set Stainless Steel Grinding
Voltage/Frequency	AC 220V/50Hz	Switch Control	Air Switch
Rated Power	1/2 Hp / 400W	Splash and sound proof design	Stainless Steel magnetic Splash Guard
Type of Motor	Permanent Magnet pure copper DC Motor	No load noise	<60dB
Rated Speed	3600 rpm	Overload Protection	Support overload protection
Grinding Capacity	1200 ml	Product Size	Diameter:169mm * Height: 370mm
Grinding Level	Double Layers and five levels fine grinding	Net Weight	4.7Kg
Grinding Effect	Grinding particles less than 3mm
