

AIR TAP

Elevate Hygiene with
Swift Spotless Drying

MORZZE

Beyond Excellence...

Welcome to the future of kitchen hygiene with AirTap, the hand dryer designed to elevate your kitchen experience. Combining advanced filtration technology with a touchless operation, AirTap ensures unmatched cleanliness by removing 99.9% of bacteria and eliminating the need for paper towels. Its sleek, space-saving design and durable 304 stainless steel construction not only enhance your kitchen's functionality but also its aesthetic appeal. With customizable drying speeds, energy-efficient auto-stop features, and effortless maintenance, AirTap is the ultimate solution for a cleaner, more efficient kitchen environment

MORZZE
Beyond Excellence...

- 
- A hand is held under a modern, chrome faucet. The faucet has a curved spout and a vertical stem. A fine mist of blue-tinted water is being sprayed from the spout onto the hand. The background shows a kitchen sink and countertop.
- **Allergen Reduction:**
Helps minimize pollen and dust in your kitchen.
 - **Energy Efficient:**
Dries produce with minimal power consumption.
 - **Enhanced Freshness:**
Preserves the textures and flavor of your ingredients.
 - **Time Efficient:**
Dries produce faster than traditional methods.

Versatile Uses

For Kitchens and Beyond

- **Customizable Settings:-**
Tailor airflow and temperature for perfect results every time.
- **Sleek Built-In Design:-**
Saves counter space and reduces kitchen clutter.
- **Pet Grooming:-**
Useful for drying pet's paws and fur after bath time, especially in a busy kitchen environment.

- **Public Restrooms:-**
Enhances hygiene and minimizes maintenance efforts.
- **Restaurants and Cafes:-**
Elevates cleanliness in food prep areas, ensuring a safer dining experience.
- **Hospitals and healthcare Facilities:-**
Essential for upholding strict sanitary standards and prompting patient safety.

- **Manufacturing Plants:-**
Maintains cleanliness in production areas, ensuring a contaminant-free process
- **Laboratories:-**
Essentials for maintaining sterile environments.
